## 11TH INTERNATIONAL CONFERENCE AMCM 2025

ANALYTICAL MODELS AND NEW CONCEPTS  
IN CONCRETE AND MASONRY STRUCTURES

Białystok, 3-5 December, 2025

<https://pb.edu.pl/amcm2025>

## FOR AUTHORS

### Conference Proceedings

A two-page paper abstract will be published in the Conference Proceedings in electronic version. Articles that are extended versions of the papers submitted to the conference, indicated by the AMCM 2025 Scientific Committee, may be published, after passing the additional review procedure, in the following scored journals:

- Archives of Civil Engineering (an additional fee will be required)
- Materiały Budowlane (an additional fee will be required)
- Environment and Economics (an additional fee will be required)
- Builder (additional fee with discount for AMCM 2025 conference participants will be required)

Action	Date
Two-page abstract submission deadline	30 June 2025
Notification of abstract acceptance	30 July 2025
Early bird registration closed	30 August 2025

## 11TH INTERNATIONAL CONFERENCE AMCM 2025

ANALYTICAL MODELS AND NEW CONCEPTS IN CONCRETE AND MASONRY STRUCTURES

This year (2025) will mark thirty two since the first AMCM conference was organized. The first meeting of AMCM was held in 1993 in Białystok, Poland. Subsequently, the conferences were organized periodically, aiming at scientists working in the field of concrete and masonry topics. The conference organizers and venues were changed every three years as follows:

1993 – Białystok – Białystok University of Technology,  
1996 – Łódź – Lodz University of Technology,  
1999 – Wrocław/Świeradów – Wrocław University of Technology,  
2002 – Kraków – Cracow University of Technology,  
2005 – Ustroń/Gliwice – Silesian University of Technology,  
2008 – Łódź – Lodz University of Technology,  
2011 – Kraków – Cracow University of Technology,  
2014 – Wrocław – Wrocław University of Technology,  
2017 – Ustroń/Gliwice – Silesian University of Technology,  
2020 – Lublin – Lublin University of Technology.

Due to high standards of contributions, participants from many countries and wide range of subjects discussed – the previous Conferences were very successful. On behalf of the Organizing Committee and the Scientific Committee, it is our great pleasure and honor to invite You to the **11th International Conference on Analytical Models and New Concepts in Concrete and Masonry Structures AMCM2025** to be held once again in Białystok University of Technology, Poland, from 3th to 5th December 2025.

### CONFERENCE TOPICS

- Concrete and Innovative Materials
- Structural Performance and Design
- Construction Methods and Management
- Outstanding Structures
- Masonry Structures
- Composite structures and innovative composite materials
- Dynamic diagnostics of structures
- Prefabricated structures and materials
- Sustainable development

## OBJECTIVES AND SCOPE

The main objective of the Conference is to present and review the latest achievements in concrete and masonry structures modelling and analysis. The three-day conference will be filled with a variety of session formats, with a balance of research and practice to permit the widest possible participation, providing an excellent forum to exchange ideas and to progress the field. The organizers hope that the Conference will be fruitful for the all participants.

### SCIENTIFIC COMMITTEE
